

## **St. Paul is Now on Facebook!**

The next time you log on to Facebook, be sure “like” St. Paul’s new page! Simply search for @StPaulBenson and click on the Like button below the cover image. The beauty of social media is the ability to reach a broad audience – but we need your help to get the ball rolling. Invite your Facebook friends to “Like” St. Paul, too! On the right column of the profile, click on the “invite friends to like this Page” link; the pop-up will show you the options. Our Facebook page is a great resource; it will help you keep up-to-date on upcoming activities and connect you with fellow members. We will also be able to communicate easily with visitors and neighbors searching for a church home. If you have suggestions for posts or photos to share, contact Sue Bacon in the Church Office.
