

Learning, Serving, Praying, and Playing

The 7-10th graders had fun "Zooming Into Nano" at the Durham Museum in November. It was a very engaging exhibit with many reminders that there is much more that is unseen by the human eye than what we can see. Applying this to God's mysterious action in creation is a natural.

The combined Youth Group and Confirmation Class visited the Hindu Temple and learned about the Tri-Faith Initiative. They also served a soup supper on Thanksgiving Eve as a convenience to those attending the Thanksgiving Eve worship service. *We are pleased with Pearl Spicka's chicken noodle and Charlotte's tomato tortellini soup!!*

Youth Highlight—Hello. My name is **Jackson Avila**. I'm 12 years old and a 7th grader at Davis Middle School. My parents are Rolando and Amy Avila. I have a dog, cat and gecko at home. When I'm not doing my homework, I like to play with my friends, play basketball, play Playstation and watch Youtube.

Thank you for your prayerful support of our talented young people.
