

Habitat for Humanity

One big THANK YOU to all volunteers, donors, and congregations who have supported our Faith House Coalition efforts this year! Your generous and philanthropic hearts are helping Habitat Omaha fulfill our mission of building strength, stability, and self-reliance through affordable homeownership. Future homeowners Lino and Grace are DONE with their sweat equity hours and the house construction is nearly complete!

We have a home dedication date set for Saturday, December 8 at 10 am. It will take place at 3323 Emmet Street. The St. Paul congregation is invited (and encouraged!) to attend. Dedication celebrations are a wonderful way to interact with the new homeowners, see the fruit of your labor in person, and share in fellowship with other coalition congregation members. No RSVP required, and all ages are welcome to attend!
