

St. Paul UMC is transitioning to a new company, Pushpay, for our online and mobile giving to the church. You are still able to give to the church the way you have been giving, but we also have a new way available now.

By texting **stpaulumc** to **77977**, you are able to give any amount you choose. You can set up a one-time gift, or you can also set up a recurring payment. If you are accustomed to using your smart phone to pay bills and do your banking, you may find this option the most convenient one to use.
