

## St. Paul CDC Provides Summer Care for School-Age Children

Can we all just take a minute and think about warm air, windows open and long summer nights!! AHH, the good old dog days of summer.

It is that time again to think about summer care for your school age child. We are currently enrolling for summer school age care. We offer full or part time care for children five through 12 years old.

If you or you know anyone who may be interested in our summer program, please give our CDC office a call 402-556-3885 for more information."

Katy Smith, Director
